**Name of Speaker:** ALEX DAVY

**Company (representative of):** Freelance Designer for Animation

**Website:** [www.alexdavy.net](http://www.alexdavy.net)

**Background:**

Storyboard artist for the animation industry.

**The Business/Company:**

After falling into storyboarding by chance, Alex Davy (previously with Arcus Animation) now has her own studio, which concentrates on storyboarding for animation and illustration. In the past year, she has experienced storyboarding for movie studios, TV shows, adverts, E4 stingers and more! If you love sketching and you love animation, Storyboarding might be the path for you.

**Alex's presentation will concentrate on:**

A walkthrough of what exactly storyboarding is, plus a simple talk-through the animation industry, with real-life tips on how to break into it. The importance of studying and taking notes, the importance of embracing failure, and a little exercise on how to develop a tough personality perfect for embracing criticism!
